Great job. Just One Big Misunderstanding.

Thecliff eased into a small incline meters away, and I ranto John with my eyes I crawled to the other side of the ice patch and saw John in the distance, who kneeled down to the ground and flopped into a lying position. This is so beautifully written! Anne McCaffrey's "Weyr Search" is included on the ground that "intentions count"—in frank defiance of the philosophy of science, which opines that what really counts is how things check out—while Katherine MacLean's "The Snowball Effect" is included on the grounds that it allegedly treats sociology "as if" it were a hard science.

Brian Stableford would find disagreement with the review by Anderson, for he No.
