About the Master Grid

Join Sean Adams for an in-depth discussion in this video Designing the master grid, part of Layout and Composition: Grids.

Introducing Version 20 of ag-Grid

We've enhanced our master/detail functionality that allows embedding UI elements in grid rows. You can now combine it with server-side row.

Designing the master grid

This section describes how to nest grids inside grids using a Master / Detail configuration. With the Master Detail grid configuration, the top level grid is referred.
