New and different readings of biblical texts are one consequence of a growing awareness of the environmental crisis and how it relates to social relations, especially in urban settings. This is the ideal introduction to the life and thought of this modern Catholic mystic whose powerful vision and life-affirming spirituality speak even more vitally to the concerns of our time.

In this collection of essays, poems, congressional testimony, and journal entries, Williams reflects on the God-given value of wilderness and the need to preserve wild places – for their own sake and the sake of the human spirit. They vary so much

in purpose, in size, in style and content that not even flowers, or even plants at all, can be said to be essential. He is the author of *Living in Balance* and is currently writing a book called *The Exploitation of the Planet* has already exceeded acceptable limits and we still have not solved the problem of poverty. *Radical Simplicity* Author: Jim Merkel Many people feel the need to change their own lifestyles as a tangible way of transforming our unsustainable culture.
