It's very clear that, prior to British attempts on Everest had been very exciting and gallant but also very amateurish, in all senses of that word. It was a new thing for me to learn that there was ever a conflict between climbers and scientists and that climbers actually looked down upon scientists and physiologists. What a fascinating article. Brendan O'Neill. By clicking "Notify Me" you consent to receiving electronic marketing communications from Audiobooks. The book was written by his daughter, who had no idea what her father was accomplishing while she was growing up, and thought of him as a jerk.
