It is a challenge to all of Memory in Dispute to preserve precious doubt in a situation where we are under pressure from our clients, from their relatives, and from the general public to adopt a clear position; however, when clarity can only be achieved through extremism, the price is too high - the sacrifice of individual lives is intolerable. For the most part, it does not attempt to resolve the dispute or to provide an illusion of certainty in a context where none can exist.

ViewallcopiesofthisISBNedition: . In three experiments, we examined a new memory phenomenon: disputed memories, in which people dispute ownership of a memory. Patent DE 23 also had its case dismissed due to lack of infringement. New York: Cambridge University Press.
